# BUILDING TOMORROW WITH YESTERDAY'S EXPERIENCE

We are a family owned and operated construction company based in Harrisonburg, Louisiana. We work all across Louisiana and maintain our focus on safety, quality, and honesty. Our turn-key abilities allow us to handle projects from concept and design to money management to construction.

With our large work force and 30+ years in the industry, we have the confidence and expertise to accomplish jobs containing strict guidelines, timelines, or budgets. We strive for long term relationships with every client. No matter how large or small a project may be, we seek to treat every client's ideas and money as if it were our own.

# FROM START TO FINISH

Your project is our business. We understand collaboration is crucial to success from start to finish. At Womack & Sons Construction Group, **we believe strong partnerships are the blueprint for success.** We want to understand your vision and develop common goals. Our willingness to work with every client's needs is one of the many attributes that set us apart.

We can handle what your project requires. Whether you elect to embark on a design build or a construction management project delivery system, we will perform all preconstruction services, prepare subcontractor or trade packages, and communicate at all stages to ensure projects stay on schedule and within budget. **We ensure timely scheduling with a focus on "speed of delivery" while maintaining attention to detail.** Our operation is trusted and dependable.

## OUR PROCESS AND PROCEDURES

Our processes and procedures include:

- Budget Feasibility Review
- Conceptual and/or full design facilitation including compliance with ADA regulations and Fire Marshal requirements
- Complete and thorough cost breakdown of any commercial project
- Construction of commercial projects including subsurface drainage, dirtwork, foundation, erection, etc.
- Effective and involved management and leadership for the construction project duration
- Subcontractor management where required
- Efficient and smooth project completion with final close-out in a prompt and professional manner

We have fully experienced and capable management, including the direct involvement of ownership, as well as senior management in each of our projects. **Our management personnel operate with professionalism, integrity, and honesty** whether it be with subcontractors, suppliers, our own craftsmen, design professionals, or the owner or owner representatives for the project.
